

DECEMBER

expediency of compelling the  
owners of slaves to reside on the

tations where they are employed.  
Mr. Woolsey moved to recommit the bill to a special committee composed of the planters of the House.

Mr. Reid, from Select Committee, reported favorably on the bill to increase the pay of jurors, and to amend section 3992 of the Code.

**Congressional.**  
Washington, Dec. 3, p. m.—The Senate organized to-day. The House went into an election for speaker; on the third ballot Richardson received twenty-four votes, Campbell fifty-five, Banks twenty-two, Marshall thirty; and the House adjourned without an election. There is no prospect of an organization.

Washington, Dec. 4.—Governor Shannon yesterday telegraphed the President for aid to suppress the outbreak between the pro and anti-slavery parties of Kansas. The President immediately ordered troops from the nearest points to preserve the peace.

Affairs with England are unchanged. Mr. Buchanan says the British Cabinet are endeavoring to patch up a reply in reference to the violation of our neutrality laws by her Minister.

It is believed the House will organize to-day. You may expect the message to be delivered to-morrow.

The proposition of Denmark to substitute an ad valorem tax on the cargo for the present system of assessing the Sound dues, has been rejected by our Government.

The steamers May Flower, George Collier and the war boat at Memphis have been burnt. It is reported several lives were lost.

#### LATER FROM EUROPE.

**ARRIVAL OF THE ATLANTIC.**  
COTTON UNCHANGED.  
Victory of the Turks over the Russians.

New York, Nov. 30.—The steamship Atlantic has arrived with Liverpool dates to the 17th inst.—The Liverpool cotton market opened buoyant, but closed quiet, with sales for the week of 69,000 bales including 15,000 bales, taken by speculators and importers.

**THE WAR.**  
The latest despatches from the seat of war report officially that a victory was gained on the 5th inst. by Omar Pasha over 10,000 Russians, mostly Georgian militia, at the Ingour, which Omar, with his Turkish force, 20,000 strong, crossed at four different points, in the battle, the Turks took sixty prisoners and five Generals.

The Russians had 400 killed and wounded the Turkish loss was 300. A private dispatch evidently referring to the same encounter, says the Turkish crossed the river Anikava, and stormed the Russian redoubts, after which they pushed forward towards Kutais, Kara was still besieged. Appearances indicate that the Russians will retire to Iles. There is nothing new from the Crimea, only a few ships remain in the Danube. The bulk of the Allied forces are returning to Constantinople. Peace rumors are extremely prevalent but vague. Diplomacy is active, especially at Stockholm, Vienna and Brussels.

The Paris exhibition is closed. 12,000 prizes, including numerous decorations of the Legion of Honor, have been awarded.

The latest rumors state that there is a probability of an early dissolution of Parliament.

**SENATOR DOUGLASS DEAD.**  
A report is in circulation, that Senator Douglass is dead, but it is believed to be unfounded.

**ARRIVAL OF THE GEORGE LAKE.**  
The George Lake has arrived, bringing nearly two millions in specie. No news of importance.

**FROM KANSAS.**  
St. Louis, Nov. 30.—The Abolitionists went to a Mr. Coleman's claim, at Hickory Point, Kansas, and ordered him to leave in ten minutes or be shot. He left, but returned armed to the teeth; on one of his three attempts to shoot him, but his rifle missed fire, when Coleman shot him dead, and gave him up for shot. A mob of Abolitionists drove off his wife and children and burnt his and other pro-slavery houses. The leader and one other were arrested. The Abolitionists assembled at Lexington and demanded the release of their comrades and the surrender of Coleman. The militia is ordered out to sustain the Marshal. Great excitement prevails on the border. Large numbers from Missouri are going to Kansas.

Sixteen houses were burnt at Hickory Point and several citizens shot.

Westport, Nov. 30.—The outlaws in Douglas county have burnt a number of houses and driven women and children to Missouri for refuge. The law and order people of the territory are rallying to assist the Sheriff.

Independence, Nov. 30.—A rumor has arrived from the Shawnee mission which says that Marshal Jones had 50 men with him at Leecompton. Lawrence is up in arms and drilling constantly. They have five pieces of artillery—our cannon left this morning in the hands of the Kansas men.

**Indian War in Oregon.**  
The San Francisco Times and Transcript has advances from Fort land, Oregon, to the 27th of October. The news is highly important.

The Indians in the whole Territory, from the Northern to the Southern boundary, were in a state of insurrection. In the North, various tribes have combined constituting a body so numerous, as to have been enabled to defeat the regular troops, and to have forced Major Jallier to retreat with great difficulty to Fort Dallas, after having suffered a serious loss. At this point he was awaiting reinforcement from California which had been sent by Gen. Wool. To these, a large volunteer force, called out by

the Governor, would be added. The war will doubtless be waged with vigor. In the South of the Territory, affairs were in a frightful state.

**GREAT BRITAIN.**  
Sir Charles Napier, in a letter to the Times demands a "Baltic Committee" to inquire whether the Admiralty at home have done their duty. If the fleet had been provided this year with a sufficient number of guns and mortar boats, Swaborg, he contends, might have been completely destroyed.

A grand Crimean banquet, attended by fifty officers who took part in the campaign, has been held at Glasgow, the Duke of Hamilton presiding. Sir Archibald Alison made a brilliant speech.

Miss Charlotte Hinds, the purchaser of an Irish estate under the Encumbered Estate act, has been barbarously maltreated by some refractory tenants, who waylaid her.

Louisville, Dec. 4.—Reports from Kansas to third state that the most intense excitement prevails. The mob refused to give up any persons concerned in the outrages to any officers, makes to the Governor or the general government. General Lane strengthened this determination, as the editor of a paper in Lawrence, by harangues to the populace urging preparations to fight. Gen. Lane strengthening himself by throwing up breastworks and this defiance.

Holloway's Pills possess most astonishing powers in the cure of General Debility. Copy of a Letter from Henry Antoine, of Houston, Chichasaw, Mississippi, to Professor Holloway, "Sir, I suffered for a number of years from weakness and general debility, and was brought to death's door by the same. I was told by those I consulted, that there was no hope of my recovery, when I resolved to give your Pills a trial, after using them for about five weeks, my health was considerably improved, and at the expiration of two months every symptom of my disorder disappeared." (Signed) H. ANTOINE.

#### Celebrated Arabian Liniment.

The following is from the principal account of the wealthy and highly respectable house of Messrs. Votiss & Bro. of this city, and presents one of the most wonderful cures in the annals of medical history:

Mr. H. G. Farrell—Dear Sir: Actuated by a sense of gratefulness, I submit the following as an instance of the utility of your great medicine. My child, three years old, was suddenly attacked with a terrible disease, which in less than six hours prostrated it to total helplessness. The limbs became so rigid that not a joint could be bent; the flesh turned black and cold and entirely deprived of feeling; the eyes fixed, partially closed and altogether blind, following this was deafness to all sounds; the spine became contracted and so curved that when lying on its back the head and heels only touched. Indeed, the child presented every appearance of being dead. Immediately on the attack, the family physician was called in, and for three weeks he labored to restore it to feeling, but all in vain, although it was blistered a dozen times and various rubefacient liniments applied. A consultation of physicians was then brought before the Medical Society, but nothing could be suggested which had not already been done, and the doctor then told me he could do nothing more. We then commenced applying your Liniment freely over the entire length of the spine, and you may imagine a parent's joy when, after a few applications, returning animation was apparent, and it rapidly recovered with the exception of the sight, which did not become perfect for over a month. The child is now healthy and robust as can be. Five other cases of the same kind occurred previously in my neighborhood, all of which died, when there is no doubt if your Liniment had been used they would have recovered.

H. G. CLELAND.

**A HARD LUMP ON A HORSE'S BREAST.**—Mr. H. G. Farrell: I have used your Arabian Liniment with gratification in several cases, the most remarkable of which was a large lump that appeared on my horse's breast. It was very hard, appearing to be hard gristle. It remained for nearly a year, when I applied for your Liniment, one bottle of which entirely cured it. I can recommend it as the best Liniment I ever used.

JOHN CRAWL.

#### LET US REASON TOGETHER

**HOLLOWAY'S PILLS.**  
WHY ARE WE SICK?

It has been the lot of the human race to be weighed down by disease and suffering. HOLLOWAY'S PILLS are especially adapted to the relief of the WEAK, the NERVOUS, the DELICATE, and the INFIRM, of all climes, ages, sexes, and constitutions. Prof. Holloway personally superintends the manufacture of his medicines in the U. States, and offers them to a free and enlightened people, as the best remedy the world ever saw for the removal of disease.

**THESE PILLS PURIFY THE BLOOD.**  
These famous Pills are expressly compounded upon the stomach, the liver, the kidneys, the lungs, the skin, and the bowels, correcting any derangement in their functions, purifying the blood, the very fountain of life, and thus curing disease in all its forms.

**DYSPEPSIA & LIVER COMPLAINTS.**  
Nearly fifteen human races have taken these Pills, it has been proved in all parts of the world that nothing has been found equal to them in cases of disorders of the liver, dyspepsia, and stomach complaints generally. They soon give a healthy tone to these organs, however much deranged, and when all other means have failed.

**GENERAL DEBILITY, ILL HEALTH.**  
Many of the most despot Governments have opened their Courts Houses to the introduction of these Pills, that they may become the medicine of the masses. Learned Colleges admit that this medicine is the best remedy ever known for persons of delicate health, or where the system has been impaired, as in investigating properties never fail to afford relief.

**FEMALE COMPLAINTS.**  
No Female, young or old, should be without these Pills, they are the best and most safe medicine that can be given to children of all ages, and for any complaint, consequently no family should be without it.

**Holloway's Pills are the best remedy known in the world for the following Diseases:**

Asaia, Bowel Complaints, Constipation, Dropsy, Dyspepsia, Female Debility, Fever and Ague, General Debility, Headaches, Indigestion, Inflammation, Liver Weakness, Liver Gout, Piles, Rheumatism, Skin Diseases, Stomach Complaints, Urinary Affections, Venereal Affections, Worms of all kinds.

## POETRY.

### THE GRAVES OF A HOUSEHOLD.

By MRS. HEMANS.

They grow in beauty, side by side,  
They fill'd one home with gloom—  
Their graves are never far and wide,  
By mount, and stream, and sea.

The same fond mother bent at night  
O'er each fair sleeping brow;  
She had each folded form in sight—  
Where those dreamers now?

One 'midst the forest of the west,  
By a dark stream is laid—  
The Indian knows his place of rest,  
Far in the cedar shade.

The sea, the blue lone sea hath one—  
His waves, by soft winds fanned;  
He was the loved of all, yet none  
O'er his low bed may weep.

One sleeps where southern vines are drear,  
He wraps his arms round his breast  
On a blood-red field of Spain.

And one—'er her the myrtle showers  
Its leaves, by soft winds fanned;  
She loved 'midst Indian flowers—  
The best of that bright land.

And parted that they rest, who play'd  
Beneath the same green tree:  
Whose voices mingled as they pray'd  
Around one parent knee.

They that with smiles lit up the hall,  
And with soft voices sang the hymn—  
Alas! for ever, if they wait all,  
And moult beyond, O earth!

**History of Simon Kenton.**  
Simon Kenton first came out to Ken-  
tucky in the year 1774, and with him  
he was one of the first pioneers who  
constantly engaged in conflicts with the  
Indians from that time until the treaty of  
Greenville. He was probably in more ex-  
posed positions against the Indians, encounter-  
ing greater perils, and had more narrow  
escapes than any other pioneer of that day.

The many incidents of his adventurous  
and eventful life are well detailed by his friend  
and biographer, Colonel Daniel Smith, in  
the following narrative of his life, which has  
been published in the *Western World*, and  
which we here present to our readers.

## How Murat met his Fate.

The sentence of the military commission  
was read to him with due solemnity. He  
listened to it as he would have listened to  
the cannon of another battle during his  
military life, equally without emotion or  
tremor. He neither asked for pardon, for  
delay, nor for appeal. He had advanced of  
his own accord towards the door, as if to  
accelerate the catastrophe. The door opened  
on a narrow staircase, lying between  
the towers of the castle and the outer walls.  
Twelve soldiers, with loaded muskets, at-  
tended him there. The narrow space did  
not permit them to stand at a sufficient dis-  
tance to deprive death of a part of its horror.  
Murat, in stepping over the threshold of  
his chamber, found himself face to face with  
them. He refused to let his eyes be hand-  
cuffed; and looking at the soldiers with a  
firm and benevolent smile:

"My friends," said he, "do not make me  
suffer by talking loud. The narrow  
space naturally compels you to rest the  
muzzles of your muskets on my breast; do  
not tremble—do not strike me in the face  
—smile at the heart—here it is."

As he spoke thus, he placed his right  
hand upon his coat to indicate the position  
of his heart. In his left hand he held a  
small medallion, which he showed in one  
glance of love, the image of his wife and of  
his four children, as he wished thus to make  
them the witnesses of his last hour, or to  
have their images in his last look. He fixed  
his eyes on this portrait, and read the  
death without feeling. It appeared in his  
countenance as if he had been upon earth.

His body pierced at so short a distance by  
twelve balls, fell with his arms open and  
his face to the earth, as if still embracing  
the kingdom he once possessed, and which  
he had come to reconquer for his tomb.

They threw his cloak upon the body  
which was buried in the Cathedral of Pavia.  
Thus died the most chivalrous soldier of  
the imperial epoch: not the greatest, but  
the most heroic figure among the champions  
of Napoleon.

**Spiritualism.**  
Dr. Hare, the eminent professor of chem-  
istry in the University of Pennsylvania, de-  
livered a lecture last week in New York  
on the prevailing spiritual doctrines, or rap-  
pings, as they are called. He had an im-  
mense audience. During the lecture he  
exhibited several machines which he had  
invented to test the truthfulness of the rap-  
pings, and stated that they were suggested  
by the English chemists, Faraday, who  
applied the tests of Faraday, and all others  
that he could possibly imagine; but found  
that the manifestations were not in the least  
influenced by them. Looking farther and  
deeper into the subject, he discovered  
that there was no substance in the rap-  
pings, and that the whole was a deception.  
He did not yield his assent, but finally  
threw his opinion in regard to it.

Professor Hare, as he has been called, was  
not only a chemist, but a very learned man,  
and his opinion is of great weight. He has  
invented several machines which he has  
used to test the truthfulness of the rap-  
pings, and he has found that they are not  
influenced by them. He has also found  
that the whole is a deception, and that  
there is no substance in the rapplings.

## Unpremeditated Eloquence.

As an example of powerful unpremed-  
itated eloquence, may be given a short  
answer of Curran, the Irish orator, to a cer-  
tain Judge Robinson—"the author of many  
scurrilous pamphlets"—who upon one  
occasion, when the barrister was arguing  
a case before him, had the impudence to  
reproach Curran for his poverty, by telling  
him that he expected "his law library was  
rather contrived?"

"It is true, my lord," said Curran, with  
dignified respect, "that I am poor; and  
the circumstance has certainly somewhat  
enlarged my library; my books are not nu-  
merous, but they are select, and I hope  
they have been pursued with proper at-  
tention. I have prepared myself for this  
high profession, rather by the study of  
good works, than by the composition of a  
great many bad ones. I am not ashamed  
of my poverty; but I should be ashamed  
of my wealth, could I have stooped to ac-  
quire it by servility and corruption. If I  
were not in rank, I shall at least be honest;  
and should I ever cease to be so, many an  
example shows me that an ill-gained rep-  
utation, by making me more conspicuous,  
would only make me the more universally  
and the more deservedly contemptible."

**Important Discovery.**  
Jean Bland, of New Orleans, representa-  
tive of an agriculturist of considerable  
scientific attainments, has secured letters  
patent from the United States for the dis-  
covery of a process of converting thirty  
different varieties of plants which grow  
wild in enormous quantities in various sec-  
tions of the Union into flax of great  
strength and beautiful texture. Specimens  
of the flax and of the plants from  
which it is made are on exhibition at the  
office of Walter E. Harding, in New York.

Among the most interesting of the speci-  
mens are the flax made from the stalks of  
the cotton plant, large quantities of which  
are turned on the Southern plantations to  
the use of the weaver; the century tree  
and wild Manilla, which grows in abun-  
dant quantities in Florida; the wild hemp,  
which grows to fifteen feet high; the gold  
nail, a natural nankeen color; the ver-  
milion silk, and the vegetable wool.

The process of preparation was understood, its  
simplicity and efficiency, serving all the  
strength of the staple, and so economical  
that the flax can be sold at prices far be-  
low those at which the article is now sold.

**Commercial Advertiser.**

## Helmholtz's Genuine Pre-

parations.

HELMHOLTZ'S HIGHLY CONCENTRATED Compound Fluid Extract Bachi.

For diseases of the Bladder and Kidneys, Secret Discharges, Strictures, Weakness, and all Diseases of the Sexual Organs, whether in Male or Female, from whatever cause they may have originated, and no matter of how long standing.

If you have contracted the fearful diseases which were once seated in the system, will surely grow down from one generation to another, undermining the constitution, and sapping the very vital fluids of life, do not trust yourself in the hands of Quacks, who start up every day in a city, and fill the papers with glowing falsehoods, too well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Bachi has been pronounced by eminent Physicians the greatest remedy ever known. It is a medicine perfectly pure in its nature, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and indolent virus of this dreadful disease, and unlike other remedies, does not dry up the disease in the blood.

Constitutional Debility, brought on by self-abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blighting the brilliant hopes of parents, and blighting in the bud the glorious ambition of young men, can be cured by this infallible medicine, which must benefit every body, and is simply delicate to the constitution, and requiring no equal to be found, being both a Cure and preventive.

## HELMHOLTZ'S HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla.

For Purifying the Blood, removing all diseases arising from excess of Mercury, exposure and impurity in life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effective known remedy for the cure of Scrofula, Salt Rheum, Scald Head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.

This article is now prescribed by some of the most eminent Physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary Syphilis, Mercurial and Scurvy diseases have entirely recovered in the honorable words of our Public Institutions which for many years resisted every mode of treatment that could be devised.

These cases furnish striking examples of the efficacy of Helmholtz's Compound Fluid Extract of Sarsaparilla, and the same already referred to. Notice—Letters from responsible Physicians and Professors of several Medical Colleges, and certificates of cures from patients will be found accompanying both Preparations.

PRICES, Fluid Extract of Bachi, \$1 per bottle, or 6 bottles for \$5. Compound Fluid Extract of Sarsaparilla, \$1 per bottle, or 6 bottles for \$5. Equal in strength to one gallon of Syrup of Sarsaparilla.

Prepared and sold by H. T. HELMHOLTZ, Chemist, 401 Chestnut Street, near the Grand House, Philadelphia.

To be had of And of Druggists and Dealers everywhere.

All Letters directed to the Proprietor or Agent receive immediate attention.

ARRANGEMENTS for the Second Annual Collection of this new and popular Institution for the diffusion of Education and Art, have been made on the most extensive scale.

Among the works already engaged, is the first-class "GENOA CRUCIFIX," which originally cost Ten Thousand Dollars.

In forming the new Collection, the collection of works of AMERICAN ART, and the collection of American Geniuses, have not been overlooked. Commemorative have been issued to many of the most distinguished American Artists, who will contribute some of their finest productions. Among them are three Marble Busts, executed by the greatest living Sculptor—THOMAS POWERS.

GEORGE WASHINGTON, The Father of his Country.  
BENJAMIN FRANKLIN, The Philosopher.  
DANIEL WEBSTER, The Statesman.

A special agent has visited Europe and made extensive and judicious selections of foreign works of Art, both in Sculpture and Marble; Statuary and Choice Paintings.

The whole forming a large and valuable collection of paintings and Statuary, to be distributed free among the members of the Association for the Second Year.

**Terms of Membership.**  
The payment of three dollars constitutes one a member of this Association, and entitles him to either one of the following Magazines for one year, and also a ticket in the distribution of the Statuary and Paintings.

The Literature issued to subscribers consists of the following Monthly Magazines: HART'S Pictorial, Knickerbocker, Blackwood's, Graham's, Godey's, Lady's Book, and Household Words.

Persons taking five memberships are entitled to any five of the Magazines for one year, and to six tickets in the distribution.

The net proceeds derived from the sale of memberships, are devoted to the purchase of works of art for the collection.

**The Advantages Secured**  
by becoming a member of this Association, are—

1st. All persons receive the FULL VALUE of their subscription AT THE START, in the shape of sterling Magazine Literature.

2d. Each member is contributing towards the purchase of choice Works of Art, which are to be distributed among themselves, and are at the same time encouraging the Artists of the country, disbursing thousands of dollars through its agency.

Persons in remitting funds for membership, will please give their post office address in full, stating the month they wish the Magazine to commence, and have the letter registered at the post Office to prevent loss; on the receipt of which, a certificate of membership together with the Magazine desired, will be forwarded to any part of the country.

Those who purchase Magazines at Bookstores, will observe that by joining this Association, they receive the Magazine and Free Ticket in the annual distribution, all at the same price they pay for the Magazine alone.

Beautifully illustrated Catalogues full descriptions, sent free on application.

**COLLEGIATE**  
Cleroke Institute.

The second term of the above Institution will commence on the 1st of Monday in September, 1855. The Institution is now fully equipped with 200 pupils, and will be ready to receive more. It is a well equipped and comfortable place, and for the musical and primary departments.

The undersigned, Principal, induced by the agreement of a number of citizens of this city, (Rome) to enter and keep in the Institute 50 pupils for the term of two years, each promising to enter and pay for the number of pupils named to his name, has undertaken to fulfill his promise, and has now received from the citizens, an Institution worthy of the name of Cleroke Institute. This must needs be the most complete and valuable of the kind in this country, and responsible for the fact that it is not to be overthrown by the breath of a shaver.

Every branch appropriate to the most accurate and thorough education will be here taught, in the most thorough manner, by experienced and able instructors, open terms, more moderate than in the so-called famous Colleges of the day.

S. FLEMING, Principal, and Instructor in the Greek & Latin Classics, Mathematics, Logic, Moral and Intellectual Philosophy, History and Rhetoric.

Mrs. C. E. CALDWELL, Instructor in E. Grammar, Arithmetic, French and Spheroidal Classes, Geography, N. Philosophy, &c.

Mr. F. DELANOV, Instructor in the French Language, Drawing, and Botany &c.

Mr. R. P. BARCLAY, Instructor in Music—Vocal and Instrumental—on the Organ, Piano, Harp, Guitar, or other instrument.

**Terms.**  
To those who board in the family of the undersigned, the entire charge for boarding and tuition, in any or all the branches taught in the Institution, except the purchase of books, and the purchase of clothing, will be \$25.00 for the school year, and \$150.00 for the Spring term of six months, and \$100.00 for the Fall term of four months. Board in good families can be had at \$10.00 per month. Tuition in the Collegiate department \$20.00 per year. French \$20.00. Drawing \$20.00. No extra fee for the Greek and Latin in most other Institutions. Music \$20.00 for the Spring term and \$20.00 for the Fall term. In the primary department the charge will be \$15.00 for the Spring and \$12.00 for the Fall term.

S. FLEMING.

HELMESOLD'S HIGHLY CONCENTRATED Compound Fluid Extract Buchu.

For Diseases of the Bladder and Kidneys, Secret Diseases, Stricture, Weakness, and all Diseases of the Sexual Organs, whether in Male or Female, from whatever cause they may have originated, and no matter how long standing.

If you have contracted the fearful disease which when once seated in the system, will surely go down from generation to another, and thus ruin the constitution, and sap the very vital fluids of life, do not trust yourself in the hands of quacks, who start up every day like flies, and fill the papers with glowing falsehoods, and well calculated to deceive the young, and those not acquainted with their tricks. You can not be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocuous in its action, and yet so thorough that it subdues every particle of disease, and cures the system, and restores the constitution, and unites other remedies, does not dry up the fluids in the blood.

Continental Delicacy, brought on by self-abuse, a most terrible disease, which has ruined thousands of the human race to untold grief, thus blinding the brilliant hopes of parents, and blighting in the bud the glorious hopes of young men, can be cured by this medicine. As a medicine which must benefit every body, from the simply delicate to the consumptive, and all cases of secondary syphilis, it is a most valuable remedy, and is to be found acting both as a Cure and preventive.

**HELMESOLD'S HIGHLY CONCENTRATED**  
Compound Fluid Extract Sarsaparilla.

For Purifying the Blood, removing all diseases arising from excess of Mercurials, exposure and imprudence in life, chronic constitutional diseases, arising from an impure state of the blood, and the only reliable and effective remedy for the cure of Scrophulous, Salt Rheum, scald Head, Ulcers, eruptions of the Throat and Lips, Eczema, and Swellings of the Joints, Tetter, Pimples on the Face, and all Scaly Eruptions of the Skin.

This article is now prepared by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla ever offered to the public. Several cases of secondary Syphilis, Mercurial and Scrophulous diseases, have been recovered in the honorable wards of our Public Hospital, and cured from patients who had received every mode of treatment that could be devised. These cases furnish the best examples of the efficacy of Helmsold's medicine in treating scrophulous and venereal diseases, and the blood is purified, and the bones firmly affected.

Notice.—Letters from responsible Physicians and Professors of several Medical Colleges, and certificates of cures from patients who received accompanying both Preparation.

Pills, Fluid Extract of Buchu, \$1 per bottle, each bottle for \$5.  
Fluid Extract of Sarsaparilla, \$1 per bottle, or 6 bottles for five dollars, equal in strength to one gallon of Syrup of Sarsaparilla.

Prepared and sold by H. T. HELMESOLD, Chemist, 263 Chestnut Street, near the Girard House, Philadelphia.
